

SCHOOL BOOKINGS

INFORMATION PACK

North Walls would love to work with you to get your young people into the climbing world. We offer discounted prices for school groups and their supervisors, including equipment hire and inductions.

COST

Our pricing is \$22 per participant. This includes harness hire, an induction session and instructor supervision. We can arrange a number of different payment methods based on your needs. We require a 10% deposit paid once all details are agreed upon and confirmed.

Covid restrictions may effect how we structure the sessions and maximum group sizes, check in with us when booking and we will discuss possible program outlines. We can customise climbing times to accommodate multiple groups per day.

DATES & TIMES

We are quite flexible regarding session times, however mornings and early afternoons tends to be much quieter. so we recommend sessions finishing before 16:00. This allows the climbers to get significantly more climbing in. We would need at least two weeks notice to staff your booking correctly.

SESSIONS

We recommend around a 3-4 hour climbing sessions especially if students have not climbed before. The session would start off with a tour of the space, then when everyone is ready we would take participants through a safety induction which includes showing them how the use our system and belay each other. The depth and length of the induction will depend on the age of the cohort.

If you have any further questions or would like to make your booking, please contact us at programs@northwalls.com.au

ACCESSIBILITY

North Walls is a accessible location and space, and we encourage anyone who can safely participate to do so regardless of limitations. If you have any participants that are apprehensive and would like some information then please ask them to look into either of [Adaptive Climbing Victoria](#) or [ClimbingQTs](#) which are two organisations North Walls works with to make the space a more inclusive environment. Please feel free to contact us if you need advice on the climbing attire or the level of fitness needed!

RESTRICTIONS

If Covid restrictions do not allow us to go ahead, we are flexible and will happily reschedule sessions. We'll try our utmost to make it work, and have a number of ways to make things fit despite potential restrictions. If rescheduling is not an option then the 10% deposit is refundable. We will need a three day notice period, excluding any snap lock-downs.

PRIOR TO CLIMBING

Before participants arrive, each person needs to have had a liability waiver signed by their parent or guardian. We will do this electronically.

A 10% deposit needs to have been paid using a predetermined payment method.

There is ample space for parking both cars and buses at North Walls. Alternatively we are located on the Upfield train line, between Brunswick and Anstey train stations. We're also right on the 19 tram line.
